Famowood & Famosolvent

FAMOWOOD

Famowood is wood in a plastic base. It is formulated of such body and consistency as to work easily and stick fast — and it dries *quickly*. That's what makes it a highly desirable product for large scale factory production and equally advantageous for cabinet shops and all who manufacture quality wood products.

Solvent-Based Famowood *is available in the following colors:*

- White
- Pine
- Tupelo
- Cedar
- Birch
- Ash
- White Pine
- Red Oak
- Mahogany
- Natural
- Cherry
- Redwood
- Alder
- Walnut
- Oak
- Fir
- Maple

Can Number	Net Weight
6 oz.	1/4 pint
24 oz.	1 pint
184 oz.	1 gallon

Water-Based Famowood *is available in the following colors:*

- White
