Hardwood Table Slides

TABLE SLIDES • TABLE TOP LOCKS • SELF-STORING LEAF EQUIPMENT • DROP LEAF SUPPORTS

The natural choice for your tables is wood slides. Wood gives you the prestige and versatility not found in other materials. Crafted only from seasoned select native hardwoods, precision-built wood table slides give the long-lasting performance your customers expect.

B. Walter's specially designed wood tongue has an engineered arc to provide constant leveling even when table is extended and leaves in place. No problems with sagging, ever!

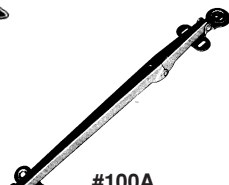

Wood on wood action provides quiet, smooth operation that lasts through generations of use.

Guaranteed for the life of the table, B. Walter wood table slides offer built-in adaptability and strength at relatively low cost. Customizing is easy. Mounting holes and contours can be modified.

Call for free consultation. B. Walter is the oldest, largest, continuous manufacturer of wood table slides in the world.
